

JP SOUTHERN DOODLES & K-9 RETREAT

These are just a few items you will need and others you might find helpful as you prepare for your new puppy. If you have any questions, please feel free to call or text Jamie (713) 444-3450 or email jparrish@jpsoutherndoodles.com

MOST IMPORTANT – FOOD!!! This is the food (Paw Tree) your puppy has been eating. It is VERY IMPORTANT you have ordered these products and have them on hand when your puppy comes home. Your puppy has just recently weaned from mom and you don't want to upset his or her digestive system by feeding food your puppy is not used to eating. If you decide to transition to a different food when your puppy is older, you should mix the current food with new food over a week or so.

FOOD – You can order your Paw Tree **Chicken & Oatmeal food** from www.pawtree.com/jpsoutherndoodles (copy this link)...when the page comes up go to the upper right corner and click “sign in”. Enter your email address (the one this is emailed to) and enter the password “puppy”. You are ready to order !
GET 20% off one order of food AND any other items you order with this coupon **code: intro4u**

Set your order up as a EZ ship plan (recurring shipment based on how often you set it to ship). You can change your order, make the shipment date sooner or push the shipment date out as far as you need to, or cancel at any time 😊 **If you make your order EZ ship you get a shipping discount and You also get points you can use for free products and toys**

If you purchase at least 3 items like treats, toys, or supplies (other than food) in your EZ ship order, then you'll get FREE SHIPPING ON THE ENTIRE ORDER, including your food !

I suggest buying the XL bag which is 3 - 10.3 lb bags & have your EZ ship order come every 3 months. The XL bag costs 30% less per cup than the regular size. Your puppy will go through 1 bag of food every 4-6 weeks depending on its size. This food is good for puppies through adulthood! So, no need to worry about changing over to a different brand later. After they are 12 months old you may want to try a different flavor of Paw tree food, but it's not necessary. If you need to watch their weight you can switch them to the Chicken and Rice Flavor. The paw Tree food is a natural holistic food with no corn, wheat, soy, artificial flavors, colorings, or preservatives. it's very nutrient dense so your furbaby will eat less, digest and absorb more and produce less stool. Paw Tree has a 90 day **100% satisfaction guarantee** on all their products, so you can try some of these other natural products risk-free !

If you plan to purchase these first four Highly Recommended products there is a special package called CORE 4 ESSENTIALS for SMALL or MEDIUM DOGS that will save you money and you get FREE Shipping on your entire order (including food)

Gastro Pro Plus – Highly Recommended (note if a product does not show up on the website when you place your order it may be temporarily backordered) – This is great in helping your puppy not have stress diarrhea from the change in environment. It's a formula of prebiotics, probiotics, digestive enzymes, & digestive herbs. I suggest you sprinkle 1 capsule over and mix with 2 cups of food. Use this at least daily for the first week or two, days of vet appointments, travel, or other stressful times or with loose stools / tummy aches. It can be used daily to help with digestion. (I also suggest you keep a can of pumpkin on hand - give 1tsp-2 T alone or with food for loose stools – give plain Pedialyte (no artificial sweeteners) if your puppy has diarrhea or vomiting to prevent dehydration. You can also use plain kapectate 1-5 cc

Wild Alaskan Salmon Pollock Oil- Highly Recommended is great for coat, ears, skin, & immune systems: just a few drops mixed with their food for puppies and then more as they get older.

Joint Support- Highly Recommended provides special nutrients to assist in the healthy development of your puppy's tendons and joints – especially important for smaller breeds

CBD Mega- Highly Recommended broad spectrum hemp extract and herbs to help relax and calm your pet, as well as help with digestive issues, nausea, motion sickness, inflammation, allergies, itchy skin or hot spot and boost the immune system

pawPairings Superfood Seasoning that can be sprinkled on your pups' food or in a Ziploc baggie with some of the dog food which then turns the food into a training treat without upsetting the puppy's tummy. I suggest using **Chicken Medley** until your puppy is 4-6 months old and then try other delicious flavors for more variety

pawTreats **Chicken/Kale/Apple flavor until 4- 6 months (then try the other delicious flavors)** raw, freeze dried, & made from minimal natural ingredients. You can break off small bits to train.

pawPairings Chicken Bone Broth concentrated blend of nourishing bone broth and superfoods. This powdered bone broth can be mixed with water and used as a liquid treat, to moisten dry food and make gravy, or to sprinkle over dry food as a meal topper. A great way to treat your pup and add extra nutrition !

2-in-1 Shampoo & Conditioner Or Anti-Itch Shampoo AND Deodorizing Mist OR Wipes for in between baths comes in 2 scents: Fresh Spring Petals & Coconut & Aloe (smells like a pina colada). They are hypo-allergenic & are very moisturizing to your furbaby's skin & coat.

Ear Wash & Ear Dry This dynamic duo brings fast relief to itchy irritated ears. They contain a soothing mix of chamomile, yucca, clove oil and calendula to both control odor and itching and soothe raw, red and greasy ears naturally. Poodles and Doodles are prone to ear and yeast infections if not kept clean and dry.

Tear & Saliva Stain Remover (Chews) and Liquid Solution These two products work together to help eliminate those unpleasant stains and keep your pet looking and feeling their best. Especially dogs that have white or light fur around the eyes and mouth are prone to staining.

Allergy Support Plus comprehensive allergy supplement contains herbs known to support the body's normal ability to combat skin-related issues associated with food and seasonal allergies and runny eyes

It's a Wrap perfect pliable pill wrap for pills and capsules, large or small. Delicious bacon flavor masks the smell and taste of medication or supplements.

Urine Eliminator gets rid of the smell from puppy accidents, so they don't come back to the same spot. The This product does not leave a sticky mess like some of the other products on the market.

Poop Bags & Dispenser for on-the-go going. Lol! pawTree poop bags are thicker than other bags on the market so no nasty break throughs.

pawTree has many other great items and a 90 day 100% happiness guarantee. If you have other cats or dogs you would like to switch to paw tree food and supplements, when you go to my website www.pawtree.com/Minipaw1K fill out a PET PROFILE and receive a complimentary customized nutritional plan
