*I highly recommend this training program! I love the practical tips & tricks, and the 'learn at your pace' format. The combination of written information and the how-to videos is really nice too! I also had a specific problem with my puppy and I contacted Amy - she was quick to respond with the thorough and personalized help I needed... I LOVE IT!*

*I cannot say enough good about this program! I am a first time dog owner and had no idea where to begin. This program gave me the direction I needed. We have used the program for four months and our puppy is now six months old. I am frequently getting compliments from family, friends, pet care professionals, and strangers about how well behaved our dog is for being a puppy!*
